

## From the Ashes of Capitalism

By Stuart Dobson

Lulu.com. Paperback. Condition: New. 138 pages. Dimensions: 8.3in. x 5.8in. x 0.3in. Our global environment is crumbling and we find ourselves in the midst of what looks to be a 6th mass extinction event, brought on as a result of our determination to maintain a growth based economy on a finite planet. There is a way forward, but we must first understand the damage we have done to our spaceship Earth and how our social environment has conditioned us into behaviour patterns which are not conducive to maintaining a healthy biosphere or society. Those understandings lead to a self evident train of thought which encourages us to move decisively away from Capitalism and toward an economy based on sharing and fairness.
