In England especially the democratic government had already gained apace, and the notion that kingdoms were something like the private properties of the rulers was an idea almost dead. The people had become a power, and they were considering as to how their joint interests would be promoted. Some writers like Thomas Mun had contributed their knowledge to the study of special topics, like the foreign trade, relating to economics, and some works exploiting the theoretic aspects of the science had also appeared. The work of the great revolutionizer Adam Smith in the history of economic science is that he expelled some wrong notions regarding what is profitable for a country. In his study on the subject he was...
