It is a much darker place than you realize. Magic is real. Demons are real. There is a world operating just outside of our normal senses, and it's citizens are at war with mankind. Once, the wizards protected us from their onslaught, but all but one of them have fallen. If mankind is to continue to fight this war, a new breed of hero will have to be born. For Viktor and Abigail, two empaths living in New York City, those new heroes can't come soon enough. Threatened by a legion of demons, they are forced to flee from the home they love with only the prophecy of a clairvoyant friend to guide them. Meanwhile Daniel Wrenfield, the last wizard alive, tears through the city seeking vengeance on the demon who caused the death of his wife. Their paths end up on a collision course when a powerful but benevolent entity called Redde is summoned, who sees fixing their situation as an opportunity to gain redemption in the eyes of heaven. What will happen when their worlds collide? Find out in Legion!.
