THE EDUCATIONAL CONTRACT (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.The difficulty in explaining why so many African American students do so poorly in school is in peeling back the layers of why their parents let them. What s even more difficult to explain is how the 1954 US Supreme Court case /Brown/, which was intended to bring equality to education, actually has contributed to the phenomenon. THE EDUCATIONAL CONTRACT is a peek into the moral dilemma of a history that has shaped a cultural pattern of failure for more than sixty years in inner-city schools. Drawing on her own childhood experiences in high-poverty schools, and her work to transform some of the worst performing schools in the United States, Dr. Sharon Washington presents a look at this pattern of failure through the lens of a social contract. What s more the parties of the contract, the School and the parents among others, don t share the same values. The School believes parents should be their children s first, primary, and most important teacher. On the other hand, most of the parents of these schools believe their only responsibility in their children s educational life is this: make sure the kid goes to school. Dr. Washington shows that this is a fixable problem-there are solutions that are possible, plausible, and doable and which can put inner-city schools on a dramatically different course....
