### **Reviews**

*It is just one of the best ebooks. I could possibly comprehend everything using this written ebook. You won't feel monotony at whenever you want of your time (that's what catalogs are for regarding should you check with me).  
(Dayana Brekke Sr.)*

## WELCOME TO THE SYMPHONY (HARDBACK)

Workman Publishing, United States, 2015. Hardback. Condition: New. Language: English . Brand New Book. This charming and interactive picture book with sound panel is like a ticket to a concert hall. Narrated by three mice, *Welcome to the Symphony* takes readers on a journey that begins with the musicians tuning up. Readers learn the basics: What is a conductor? What is a symphony? Who was Beethoven? The elements of music: melody, harmony, tempo. The families of instruments - strings, woodwinds, brass, and percussion. But the best part is that every idea is illustrated in sound. Nineteen sound buttons allow readers to actually hear the different parts and voices of the music. The famous beginning of the Fifth, what a clarinet sounds like, what a melody is, and what harmony is. Kids will want to match their voices to the A note that the concertmaster plays to tune the orchestra, dance to the full-throated passages and, of course, sing along to da-da-da-daah!
