Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Based on the Speech Plasma Method, the book is designed to teach students to speak Hungarian at intermediate level. The volume contains twenty short stories and special training drills. All the texts are accompanied by the English translation. This volume will enable foreign students of Hungarian to feel more comfortable with the language at a more advanced level. The book is a collection of stories told by people in everyday conversational manner. The stories are accounts of incidents or ideas which the people interviewed consider interesting or entertaining. They are not intended as great works of literature, rather as examples of people using their language naturally. The stories are the sort of tales that you might hear in a pub or at a party, reflections on anything from weather and inquisitive neighbours to a passion for music and how it can help handicapped children. At times amusing, surprising, entertaining or simply hard to believe, they are all related in the kind of natural informal style which language learners so often wish to imitate. This collection will help show you how to do just that. The title of the series is Simple Hungarian, for the stories are told in simple, everyday colloquial style, and for easy reference the English text is printed alongside.
