Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Excerpt from Geographic Travels in Central Australia The able and undaunted traveller, whose diaries are re issued in these pages, has entrusted to me the task of revising his journals for the press and introducing this volume by a few prefatory words to public notice. I have complied with his request all the more readily, as he has entered already anew the field of geographic exploration. It was deemed desirable to render the instructive and stirring account of his exploits accessible in a more attainable form than that of parliamentary records. No one perusing these journals will withhold the admiration due to the courage, skill and perseverance displayed by Mr. Giles under unusually trying difficulties, more particularly so as he was supported only by the most slender means; and it seems probable, that any other explorer would have shnmk from the task of braving the terrors of the Australian deserts in seasons of protracted aridity with such narrow resources as were at his commands.
