## Freedom Riders: John Lewis and Jim Zwerg on the Front Lines of the Civil Rights Movement (Hardback)

By Ann Bausum

National Geographic Society, United States, 2005. Hardback. Condition: New. Language: English . Brand New Book. Freedom Riders compares and contrasts the childhoods of John Lewis and James Zwerg in a way that helps young readers understand the segregated experience of our nation's past. It shows how a common interest in justice created the convergent path that enabled these young men to meet as Freedom Riders on a bus journey south. No other book on the Freedom Riders has used such a personal perspective. These two young men, empowered by their successes in the Nashville student movement, were among those who volunteered to continue the Freedom Rides after violence in Anniston, Alabama, left the original bus in flames with the riders injured and in retreat. Lewis and Zwerg joined the cause knowing their own fate could be equally harsh, if not worse. The journey they shared as freedom riders through the Deep South changed not only their own lives but our nation's history. National Geographic supports K-12 educators with ELA Common Core Resources. ### Reviews

*Very useful to any or all group of men and women. It is written in basic words instead of difficult to understand. I realized this ebook from my i and dad recommended this publication to understand.*

-- Althea Fahey MD

*I just started out looking at this ebook. This can be for those who state there had not been a worthy of reading through. You can expect to like the way the blogger publishes this ebook.*
