KNOWING THAT GOD EXISTS: THE RATIONAL AND EVIDENTIARY SUPPORT FOR THE EXISTENCE OF GOD (PAPERBACK)

[DOWNLOAD](#)

Zahav Books, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. A question as old as civilization: Does God Exist? Many have addressed this question, offering arguments for or against God s existence but, until now, there is no work that is concise, while providing a wealth of evidence. Knowing that God Exists: The Rational and Evidentiary Support for the Existence of God fills the void in literature relating to God, by providing a wealth of arguments in favor of God s existence in a consolidated and yet thorough format. These arguments include cosmological, teleological, and historical arguments, in addition to many others. This book is both an excellent introduction to arguments for God s existence to the neophyte, and a valuable tool in the hands of the more experienced. From the archeology of the Ten Plagues, to the design inherent in every organism, this book is sure to quickly become a favorite among those who believe, and an eye-opener to those that do not.
