Sexual violence is rarely discussed in church, despite the rising incidents of rape, sexual assault, molestation and incest. The Dinah Project, which gets its name from Genesis 34 - the rape of Dinah, Jacob s daughter - was borne out of the author s decision to start healing through the church after being raped. The result is this book and an entire ministry program to assist churches in responding to sexual violence. The Dinah Project describes programmatic ways in which a local church can respond to the crisis of sexual violence in the community. By sharing the lessons of one church, this book proposes detailed methods for instituting a church program. The Dinah Project provides church activities ranging from providing resources for members to ways to organize a full-time church ministry, and many stages in between. Topics include planning worship services, conducting community education workshops, working with local agencies, establishing a board of directors and holding therapy groups at the church. With checklists, forms and detailed explanations, this user-friendly book guides any interested individual from basic information about sexual violence...
