Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Large Print. Language: English . Brand New Book ***** Print on Demand *****. This is first installment in a series about self discovery, The Dhampire. Its action takes place in New York (2016), Paris (1909) and Podunk, Romania (1970s-80s). Its protagonists are three generations of vampire vigilantes, dhampires, vampires whose blood was tainted by Russian dhampirs, degenerate half-man half-vampire creatures given to infesting humans and watching them die in heinous ways. Like vampires, the dhampires in my book are immortal. Moreover, they can fly through time and space when they receive memory calls, and of course, when their vigilante assignments dictate. Annie is the youngest of the three, with the problems and mindset of a teenager, by dhampire standards. Annie s seeking to figure out if her immortality has to be forlorn or whether her unrequited love is temporary. Miriam, her dead grandmother worries for her from beneath the grave. Annie s mother, Vio, a vigilante stuck in a Mobius-like time loop stretching one year, 1909 Paris, into a half of century, has her own secret to protect. In an unexpected twist, Annie discovers her mother s secret and she proves worthy of her heritage: Annie will prevent more disaster from happening.
