

Curing and Smoking Fish (Paperback)

By Stanley Marianski, Adam Marianski

Bookmagic, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Curing and Smoking Fish provides all the information needed to understand the entire process of preparing and smoking fish. The subject of making brines is covered in detail and simplified by advocating the use of brine tables and testers. We don't want the reader to blindly follow recipes, we want him to create them - this is the approach that has been taken by the authors. Fish can be dry salted or immersed in brine; salt can be applied alone or with sugar and spices; brine can be weak or strong; fish can be cold or hot smoked; wood chips can be dry or wet. There are many parameters to consider. To a newcomer, this can become confusing; however, all these details are mentioned and explained in such a way that the reader will feel confident to take control of the process. Master the basics, but not be afraid to apply this knowledge in real applications. Additionally, smoking methods are thoroughly described, as well as proper design of basic smokehouses. The discussion is not only limited to fish, but also covers shellfish...

Reviews

A whole new e book with a new point of view. This is certainly for all those who statted there had not been a well worth looking at. I am just very easily could get a delight of looking at a created pdf.

-- Hyman Goyette

Complete guideline for publication fans. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- Llewellyn Terry
