DISEASE RECOGNITION USING MACHINE LEARNING TECHNIQUES

Garima Bhatia
Disease Recognition using
Machine Learning
Techniques

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | Healthcare is very important aspect in everyone's life. Elder people are usually dependent on medicines and continuous health support from outside environment for their health management. The bones of people in age group 65 and above have become so weak that they are not able to walk within their homes, so, they prefer to stay alone rather than being shifted to old age homes or nursing care centers as it gives a...
