Physical Geography for the Use of Schools: Illustrating the Natural Features of the Globe, the Geographical Distribution of Natural Phenomena, and Their Connexion With the Industrial Pursuits of Mankind This Map is designed to illustrate the prime elementary truths of Physical Geography, displaying them in a form which is obvious to the eye, as well as capable of ready appreciation by the reflective faculties of the learner. Physical Geography is the geography of the natural world. The first essential in a study of the truths which it embodies is an adequate conception of the way in which Land and Water are distributed over the surface of the globe. The Land may be regarded under three aspects - 1st, Position and comparative extent; 2d, Contour or shape; 3d, Superficial aspect, or form of relief. The first and second of these points of view are illustrated in the delineations afforded by the Map itself; in the case of the third, the appended Table (of high-land and low-land regions) serves as a supplement to the...
