Reviews

It is just one of my personal favorite books. I was able to comprehend every little thing out of this published e-publication. It is extremely difficult to leave it before concluding, once you begin to read the book.

THE SECTARIST: THE NEXT ERA (PAPERBACK)

AUTHORHOUSE, United States, 2010. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Specific high-profile artworks are stolen from three major cities across Europe and two major cities in the United States, in a highly sophisticated and well-orchestrated manner. Interpol enlists the help of a very successful, highly intuitive and exceptionally beautiful art theft investigator, Tracy Walter. Tracy sets out on a quest to retrieve the artworks on the hunch that a pervasive, century-old, extremely sophisticated and perverse Sect had perpetrated the heist. While at it, she crosses paths with Andrew Moore, a shamed ex-member of the Sect who had a major score to settle. In a self-gratifying mission, filled with dissimulation and perfidy, that almost subverts a seven-year long espionage and counter-conspiracy operation against the perpetrators - or so it seemed - Tracy, with some unsolicited support, begins to unravel the identity of the Sect as well as their propaganda. She helps recover the artworks and also finds love in the process, while Andrew realizes that he had been fighting a losing battle when his plan to indict the Sect is nipped in the bud and turned against him.
