

The Selling of DSM: Mthe Rhetoric of Science in Psychiatry (Paperback)

By Stuart A. Kirk, Herb Kutchins

Taylor Francis Inc, United States, 1992. Paperback. Condition: New. New. Language: English . Brand New Book ***** Print on Demand *****.When it was first published in 1980, the Diagnostic and Statistical Manual of Mental Disorders, Third Edition-univer-sally known as DSM-III-embodied a radical new method for identifying psychiatric illness. Kirk and Kutchins challenge the general understanding about the research data and the pro-cess that led to the peer acceptance of DSM-III. Their original and controversial reconstruction of that moment concentrates on how a small group of researchers interpreted their findings about a specific problem-psychiatric reliability-to promote their beliefs about mental illness and to challenge the then-dominant Freudian paradigm.
