Mountainstream, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. I was diagnosed with stage three colon cancer which was quickly spreading through my body. I was told that if I did not have an operation to remove the tumor that I would surely die. However, if I consented to have the operation I would have had to wear a colostomy bag. I was afraid of the outcome and refused. Besides, there was no guarantee of success. It was all chance taking. I decided against the operation and opted to use cannabis oil and essiac tea. I was not sure if they would cure me but I went for it. Within three months my cancer had vanished. My book tells my story, my fear, and sadness. It also gives many links to video programs about Big Pharma and the billions they make each year on selling cancer-causing treatments--chemo and radiation with little success. Also links to videos for all-purpose good health and practices including testimonials of other cancer survivors. Both these substances, cannabis oil and essiac tea, are now making huge inroads...
