Excerpt from Canadian Modern Accounting, Vol. 1: A Treatise on Bookkeeping and Elementary Accounting, According to Present Day Practice, Including Exercises for the Student, for Use in Commercial Schools and for Self-Advancement Canadian Modern Accounting may be used as a textbook or as a book of reference. The instructions for the student using it as a textbook and working the exercises, are indented in order to distinguish them from the general reading matter, and may be disregarded by those using the work purely as a book of reference. When using this book in Commercial classes, it should be noted that the explanations and definitions are introduced at the point where they are necessary to explain some feature of the work then in hand; and not at the beginning Of each Chapter as in the average text, where they convey only a vague meaning to the student, should he read them at all.
