Lulu.com, United Kingdom, 2011. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.My teacher often wrote on the top of my exercise book THINK in big red letters. Miss Hancock was my best teacher but even she wrote in my book You haven t understood the question . On one of my holiday visits with Roger he had a tape recorder which we all had to speak into while reading from the newspaper. I suddenly realized that my turn was about to come. I became almost paralyzed with fear. Should I say that I can t read or should I try to remember what the others had read before me? Reading and spelling weren t the only difficulties I had. Mental arithmetic was a huge problem for me. The numbers kept moving around in my mind.
