OXFORD UNIVERSITY PRESS, 2003. Hardback. Condition: New. Language: English. Brand New Book ***** Print on Demand *****. In this book, Spreen and Risser present a comprehensive, critical review of available methods for the assessment of aphasia and related disorders in adults and children. The authors explore test instruments and approaches that have been used traditionally for the diagnosis of aphasia, ranging from bedside screening and ratings, to tests of specific aspects of language, and to comprehensive...

Reviews

A really great publication with lucid and perfect reasons. I have read through and i am confident that i am going to gonna read yet again yet again down the road. It is extremely difficult to leave it before concluding, once you begin to read the book.
