

At the Aquarium (Paperback)

By Dianne Irving

Teacher Created Materials, Inc, United States, 2009. Paperback. Condition: New. Student. Language: English . Brand New Book. Learn all about calculating volume at the aquarium! Aquarium workers have to understand volume to design the best tanks for marine animals. Volume helps them determine how much water to put in a tank and how much food to feed the animals. Readers will learn about this and more, all while practicing volume calculation and mathematical formulas in a practical and fun way! With the help of eye-catching images, easy-to-read text, simple practice problems, clear mathematical charts, and an engaging story, this text will leave readers entertained and confident in their cubic measurement and STEM skills.
