Goddesses from Greek, Roman, Celtic, Native American, Egyptian, Middle Eastern, Scandinavian, and many other traditions are gathered here to enhance our understanding of the roles of the feminine deity. In learning about these archetypes, we come to recognize them in ourselves-to gain a clearer perception of our powers and weaknesses and to achieve a common thread, a link to the collective unconscious. Susan Sedden Boulets magnificent paintings and Michael Babcocks insightful text offer a brilliant vision of the female pantheon.
