Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Sometimes, we tend to believe only half of everything in our reality and world, but sometimes even that we are alive, we pretend not to see anything at all, but when what you see misleads you and when the people you trust try to hurt you, the world start to mean nothing at all and you keep looking for an outlet. The same happened for Jackie. Jackie who experiences terror and the stone cold walls suffocate her dreams and ruin her life. Jackie s mother was the only family Jackie had ever known and when she dies, Jackie doesn t know what to do. Being fostered by the Doyle family seems like a best case scenario as far as foster families are concerned. They re the picture of the perfect American family. At least until the front door closes of course. Who do you turn to when the people meant to protect you can t see the monster that resides in their own home? The locked inner dark rooms become all of a sudden secret dungeons, and the pink promises are burnt to ashes while all what could be heard were the footsteps creaking upon the basement, while the howling and the sound of shrieking as well as the groaning and the clanking of the chains of terror became like sudden mists and winds turning Jackie s life into a real nightmare. Where can she go when she has got nowhere to escape to?.
