Brand New Book ***** Print on Demand *****.White women are lovely human beings that demand respect with every step they take in life. The transformation of White women from decade to decade amazes me tremendously because in the midst of their change, the toils of life differ but the determination to complete them has not change. However, the same sensitive heart that evokes love and frustration from friends and family, her relationships and marriages still leave White women frustrated and unappreciated. More importantly, there are numerous of issues that make White women cry, the loss of children, break down in marriages, cheating, or economic struggles. White women cry because sometime love or society impels them to make choices that depreciate their self-worth, health and parental skills, which is consequential to the development of America. Moreover, White women must continue to cry, because in their tears children are born, frustrated tears bring forth vigorous efforts to positive change and it is when White women hurt that elucidate realistic roads that lead to self-improvement. Whether it is anger or pain, that engenders wisdom, planted seeds love and self-advancement would energize the soul to renewed aspirations. If White women stop crying and let anger force their hand, love would become recalcitrant to sensitive touches, children would become motherless and the streets would have new members on the edge ready to destroy the peace in communities. So cry White women, let your tears soak new meaning to the soil of this life, which will grow new flowers that will enlighten minds, so love and not violence or disrespect would rule the ground that produce loving families.
