Legends of ghostly apparitions and hidden gold enter into the plot which is actually the convergence of two story lines; one of John Hodiak on Earth and of Pitus Peston who is across the galaxy. In **GODS OF OMAN**, Atoye, Kinar, and Rohab come to Earth to escape from their native world for a treasonous theft of drive programs by Atoye from a military space cruiser allowing him to soup up his own craft. In the **EYES OF HARNUK** it was revealed that Kinar discovered one of the eyes was placed on earth an eon ago. The eyes led them to the center of the galaxy where was kept Harnuks heart, an enormous data base containing the sum of galactic history and technology from the last cosmic era. In hopes of learning the bright futures of both Oman and Earth, they find instead imperial domination for Oman and total destruction for Earth because of something left there by the three travelers centuries ago. Pitus has to return across the galaxy from Oman in order to reverse this fatal error and prevent global disaster. This item ships from multiple locations.
