Performance Based Medicine: Creating the High Performance Network to Optimize Managed Care Relationships (Hardback)

By William J. Demarco

Taylor Francis Inc, United States, 2012. Hardback. Condition: New. New.. Language: English . Brand New Book. With healthcare making the transition from volume-based reimbursement programs to value-based approaches, understanding performance measurement is vital to optimize payment and quality outcomes. Performance-Based Medicine: Creating the High Performance Network to Optimize Managed Care Relationships guides readers through the maze of definitions and discussions related to value-based purchasing, healthcare delivery, and pricing. It tackles the question of how hospitals, HMOs, physician groups, and employers can arrive at an optimized reimbursement cost and coverage access decision that is attractive to consumers yet fulfills the need for a working margin. The book begins by looking at HMOs and the three key factors-reimbursement, coordination, and performance-that have led toward performance-based contracting. Laying the foundation for clearer communication between physician hospitals and purchasers, the author defines important concepts in the discussion, from efficiency and cost effectiveness to quality. He focuses on key issues of organizational structure, management, and measuring the outcomes of quality. Discussing pay-for-performance, the book examines programs in the US and offers case studies of countries succeeding in the development of care management. It explores options for reengineering the healthcare delivery system, among them transitional case...
