Reviews

This kind of publication is every little thing and taught me to looking ahead of time and a lot more. It is packed with wisdom and knowledge Once you begin to read the book, it is extremely difficult to leave it before concluding.

Audible Studios on Brilliance, 2017. CD-Audio. Condition: New. Unabridged. Language: English . Brand New. A fun blend of P.G. Wodehouse, steampunk, and a touch of Sherlock Holmes. Dolley is a master at capturing and blending all these elements. More than fascinating, this work is also rip-roaring fun! (SF Revu) What Ho, Automaton! chronicles the adventures of Reggie Worcester, gentleman consulting detective, and his automaton valet, Reeves. Reggie, an avid reader of detective fiction, knows two things about solving crime: One, the guilty party is always the person you least suspect. And, two, the Murders in the Rue Morgue would have been solved a lot sooner had the detective the foresight to ask the witnesses if they d seen any orangutans recently. Reeves needs all his steam-powered cunning and intellect to curb the young master s excessive flights of fancy. And prevent him from getting engaged. This book contains two stories set in an alternative 1903 where an augmented Queen Victoria is still on the throne and automata are a common sight below stairs.
