Six weeks in Ireland on a Bronze Age archeological dig is exactly what Josie Cooper needs. She loves teaching, but fieldwork is where her heart is, and working with Professor Declan O Shaughnessy is a dream come true.until she meets the man. Declan is brilliant, gorgeous, and unapologetically arrogant. By the end of the first week, Josie is ready to push him into the Atlantic. Unfortunately, annoyance doesn t stop her physical reaction to him. Nor does it stop the way every accidental touch makes her crave more. More of his hands on her skin. More of his lilting voice in her ear. Knowing Josephine Cooper s reputation in the archeology world, Declan is thrilled that she d accepted his invitation to work the dig. However, he hadn t counted on his overwhelming attraction to the American professor. Though he tries to maintain his distance and keep things professional between them, that plan goes to hell when he learns that Josephine returns his interest. And when an opportunity to act on that attraction, as well as explore her submission, presents itself, he jumps at it-taking complete control. For the next five weeks, Josie agrees to submit to Declan. His instruction awakens needs she didn t know she possessed, and she learns more about desire and herself than she would have thought possible. But what happens when their time is over, and Josie has to give up being his student to go back to being the professor again?.
