With the worldwide surge in the demand for IT Professional skills, the CompTIA A is one of the hottest certifications today. To pass the CompTIA A exam, you need a no-gimmicks, no-nonsense book on the exam objectives. This is that book! The CompTIA A certification is the industry standard for computer support technicians. The international, vendor-neutral certification proves competence in areas such as installation, preventative maintenance, networking, security and troubleshooting. CompTIA A certified technicians also have excellent customer service and communication skills to work with clients. CompTIA A is part of the certification track for corporations such as Microsoft, Hewlett-Packard, Cisco and Novell. Other technology companies, including CompuCom and Ricoh, have made CompTIA A certification mandatory for their service technicians. More than 700,000 people worldwide have become CompTIA A certified since the program's inception in 1993. Pass your exams quickly with our Step-by-Step Exam prep Method. This book HELPS you a great deal in passing the exam. The questions are realistic, very realistic. Let me put it this way. When you take the exam, most of the questions will ring bells. And most of them will connect to the questions in this book. You can save hundreds of dollars by using this book along with your study guide.
