Workman Publishing, United States, 2000. Paperback. Condition: New. Language: English . Brand New Book. A book for everyone who s ever cheated just a little bit at golf (I m only moving the ball to where it should have landed) or gone to a party instead of visiting a sick friend (If I were in the hospital, I wouldn t want a bunch of people bothering me), Rationalizations to Live By offers dozens of perfect rationalizations for behavior that ranges from the selfish, thoughtless, and irresponsible to the boorish, self-destructive, and un-p.c. A group effort by four of the funniest people writing books today, it evokes both nervous laughter (for what we recognize in ourselves) and happy superiority (because we can t believe anyone could do that). For example: Look how long the French live. All of this shopping is good for the economy. This doesn t really count as sex. I m earning frequent-flyer miles. Video games are good for my kid s motor skills. Picasso didn t do his best work until he was 70. He ll just spend it on liquor. I only smoke at parties. And, of course, the universal: Everybody does it.
