## THEORETICAL AND CLINICAL APPLICATIONS

Condition: New. Publisher/Verlag: Springer, Berlin | When discussion began four years ago about launching the American Association for the Study of Mental Imagery there was still a great deal of skepticism on the part of many academic and clinical psychologists. They held to the gradually diminishing view that mental imagery was too idiosyncratic a subject for intensive study. However, there were sufficient visionaries to recognize the undeniable importance of imagery for the functioning of life in memory and the transmission..
