To read **Handbook of Drawing (Classic Reprint) (Paperback)** PDF, you should click the button beneath and save the ebook or have access to other information that are have conjunction with HANDBOOK OF DRAWING (CLASSIC REPRINT) (PAPERBACK) book.

Forgotten Books, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. All true education consists in the cultivation of the judgment, writes William Walker in the Preface to Handbook of Drawing. With this simple statement of intent, Walker imparts lessons on drawing and lessons about the nature of art. Walker describes techniques and art together, so the reader learns not to copy, but instead to see art for him or herself, and approach that readers will surely be delighted with. The Handbook of Drawing has two aims. First, the book sets out to teach the elementary principles of drawing. Second, it seeks to impart judgement on matters involving art, so that students can develop a good eye. To teach students how to draw, Walker begins with the basics: how to see, how to hold the pencil, how sketch, how to outline and how to use shade and light. The lessons are easy to understand and are accompanied by illustrations. The second half of the book touches on the essence of what it means to be an artist. There are many beautiful passages examining how to draw an object in a more natural, artistic way. For example, after describing how to draw a leaf, Walker discusses how to make it the leaf more life-like and more beautiful. But if a leaf is so placed as to show its varied and delicate curves in front one of another then we are no longer drawing from the flat, but from an object in space, with all the exquisite changes of curve and surface, and there is now more properly a field for Art expression. The illustrations - one of a flat leaf and one of a foreshortened, flowing leaf - expertly demonstrate Walker s advice....
