IMAGE comes from the Mind. But in order that the IMAGE is created, the Mind must THINK. And THINK, everyone Must. No one can escape this natural phenomenon. It is a law given unto man; for as long as thou liveth, thou must THINK (see the TRUTH, by the same author). Now, we are settled on the matter of Thought. But as you THINK, an IMAGE is formed of the thing that which you think about. What is that IMAGE formed by your thoughts? Many IMAGES. Loads of it. Consider a celluloid film spinning though the loop of a projector lens. The IMAGE projected on the screen can acquire motion. We watch movies. That s why they are so called, because the IMAGES on the screen actually move. A man drinks a glass of water; you see movement. Now, you would be surprised just how many still images on that film were required to project the movement of the hand as the actor drinks a glass of water. It takes 25 of those still IMAGES to produce a movement that is equal to one second of action on the screen. If it took the actor three seconds to lift the glass to his mouth, your film would have run 4,500 still IMAGES! A movie of one hour would contain 90,000 still IMAGES. Wao! That s a lot, isn t it? But all that is child s play when you consider the human mind. In only a few seconds, your mind can process millions of IMAGES! Every THOUGHT is a creation. We create our lives every day by the second. Now ask..
