

## Branch of Research Monthly Report of Forest Experiment Stations, Forest Products, Forest Economics, Range Research: July 1931 (Classic Reprint) (Paperback)

By United States Forest Service

FBC LTD, 2017. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Excerpt from Branch of Research Monthly Report of Forest Experiment Stations, Forest Products, Forest Economics, Range Research: July 1931 As part of the study of basal fire wounds in mountain hardwoods Sims and Nelson are developing a technique for studying the insulating properties of tree barks. The method used consists essentially of observing the rise in cambial temperature accompanying the continuous application of a constant temperature to the outside of the bark. Cambial and external temperatures are measured Simultaneously at 1 minute intervals by means of thermocouples and potentiometers. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. ### Reviews

*The very best publication i at any time study. It really is basic but shocks inside the fifty percent of the ebook. It is extremely difficult to leave it before concluding, once you begin to read the book.*

-- **Marlin Swift**

*Absolutely essential read through pdf. it was actually writtern extremely flawlessly and valuable. You will like how the writer publish this book.*

-- **Destin Leffler**
