

Leonardos Notebooks

By Leonardo Da Vinci

Black Dog & Leventhal Publishers. Hardcover. Condition: New. 448 pages. The award-winning and bestselling collection of the exquisite, annotated notebooks of Leonardo now in paperback. Culled from more than 7,000 pages of sketches and writings found in various rare books, papers, and other resources throughout the world, Leonardos Notebooks presents, for the first time, an exhaustive collection of the insights and brilliance of perhaps the finest mind the world has ever known. H. Anna Suh selected the most fascinating of these studies, penned in the mid-15th century, and compiled them into one monumental volume that showcases Leonardos observations and clearly illustrates them with more than 1,000 of his original sketches and exquisite line drawings. These elegant studies are of myriad topics, such as the nature of water, light and shade, perspective, philosophy, botany, astronomy, the proportions of the human figure, and many other subjects. The artwork has been carefully arranged with the text to augment and illuminate Leonardos writings. In addition, his handwritten notes and fascinating marginalia are deciphered and translated. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Hardcover.
