Excerpt: . . . of the wonderful powers of liquid air. Uncle Ike and the boy had been reading about the new discovery and the wonderful things it was going to do in revolutionizing the motive power of the world, that when it was announced that Prof. Tripler, the discoverer, was going to show all about it, the old man got two seats right up in front, and took the boy, with an opera glass, and for two hours they had sat and listened to the rambling remarks of the Professor, and seen the liquid air do things that didnt amount to anything, in a manner to cause people to look at each other and wonder what it was all about. And after the show they had gone home, where Uncle Ike could make up lost time in smoking his pipe, which he had sadly missed at the...
