

## Magicians of the Gods: The Forgotten Wisdom of Earth's Lost Civilisation - The Sequel to Fingerprints of the Gods

Filesize: 6.18 MB

### ***Reviews***

*Merely no phrases to describe. Better than never, though I am quite late in starting reading this one. It's been written in an extremely easy way which is merely following; I finished reading this publication through which, in fact, transformed me, changing the way in my opinion.*

Hodder Stoughton General Division, United Kingdom, 2016. Paperback. Book Condition: New. Upd. ed.. 197 x 130 mm. Language: English . Brand New Book. Graham Hancock's multi-million bestseller Fingerprints of the Gods remains an astonishing, deeply controversial, wide-ranging investigation of the mysteries of our past and the evidence for Earth's lost civilization. Twenty years on, Hancock returned with the sequel to his seminal work filled with completely new, scientific and archaeological evidence, which has only recently come to light. On the heels of the very successful hardcover edition, Hancock returns with this paperback version including two chapters brimming with recent reporting of fresh scientific advances (ranging from DNA to astrophysics) that substantially support the case. Near the end of the last Ice Age 12,800 years ago, a giant comet that had entered the solar system from deep space thousands of years earlier, broke into multiple fragments. Some of these struck the Earth causing a global cataclysm on a scale unseen since the extinction of the dinosaurs. At least eight of the fragments hit the North American ice cap, while further fragments hit the northern European ice cap. The impacts, from comet fragments a mile wide approaching at more than 60,000 miles an hour, generated huge amounts of heat which instantly liquidized millions of square kilometers of ice, destabilizing the Earth's crust and causing the global Deluge that is remembered in myths all around the world. A second series of impacts, equally devastating, causing further cataclysmic flooding, occurred 11,600 years ago, the exact date that Plato gives for the destruction and submergence of Atlantis. The evidence revealed in this book shows beyond reasonable doubt that an advanced civilization that flourished during the Ice Age was destroyed in the global cataclysms between 12,800 and 11,600 years ago. But there were...
