Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from The Fair Maid of Graystones Sullenly enough, the prisoners broke apart and scattered; some with a selfish and sensible dread of consequences, should the sergeant, true to his word, order the guards to fire upon them; others, among them Verney Claybourne, with a fear Of imperilling Jock Hetherington the more by too stubborn a resistance. In little groups and knots they broke away, and while a few of them went to look to the injured man, whose injury had provoked the fight, the rest stood muttering among themselves, with eyes alert for any hostile movement on the part of the guards. Of all the prisoners Jock was the only one that kept his place in the middle of the nave, and he stayed there, partly, it must be owned, from youthful swagger, and partly from a prudent desire to recover his boots and his doublet, which he had cast Off promiscuously at the beginning of the fight. He had found the casting Off easy, for boots and doublet were both a size too large for him. Four and twenty hours before, when the fall of the long-besieged town Of Colchester had changed his estate from that of a gentleman volunteer of King Charles to that Of a prisoner to the Parliament, he had, like most of his comrades, made a forced exchange of garments with his captors, and had had much the worse of the bargain. Still he held that half-worn boots and a ragged doublet were better than none at all, so he prowled down the nave in anxious search of his missing property.
