## THE NEPHILIM: THE RISE OF THE FALLEN (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2009. Paperback. Condition: New. Miss Shari Renee Harris (illustrator). Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.The future has become the present. In the dark alleys designed and once used for abortions, men clone, engineer humans genetically and lie about it. This book challenges society to face the fact that science and religion have no respect for the law because it has failed society. Through the process of cloning and genetic engineering the fallen angels have returned. The Nephilim are real. Science has resurrected them and now the world must deal with them and the other collateral creatures created. Susan Stanton-Mikels was raped and impregnated. Her children abused and misused by the Cloning Conditioning Association. No one has paid a greater price for research than Susan. But, she has the least opportunity for a peaceful and prosperous life. James Denton has the answers to why these things happened to Susan. He is partly responsible and so are we.
