THE REAL RULE BOOK FOR EVERY FATHER (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Fathering by the world s standards is entirely different from fathering in Christian homes. I perceive that the ultimate aim of a secular father in the world is that his children come out with good grades, have good jobs, get into great marriages, and become financially independent for life. A Christian father who knows what he is doing, who is fully conscious of who he is in the world (aware that this world is temporal), and where he is going when he dies will have the ultimate aim of building up children who will make God their first priority in life. They always will be Heaven conscious, live to fulfil the purpose of God for their lives, and make every other thing mentioned above their second priority. As a father, have you ever thought, What do I have that my children can inherit from me? What values will continue in them? What character do I possess, what assets do I hold? What have I established that my children can inherit and continue to pass on for generations to come? This book will guide you and change your perspective not only in your relationship with your children but your parenting skills will also be greatly enhanced. It will direct you to live a life full of love and care for your family and get rid of the taboo of stress, pressure and so called hardship that is attached to parenting and especially fatherhood. This book is AN ENCYCLOPEDIA FOR FATHERS AND MOTHERS ALIKE!!!.
