Excerpt from Address: Delivered in the Technical School Building, Toronto, December 16th, 1901 Learn first thoroughly the economy of the kitchen; the good and bad qualities of every common article of food, and the simplest and best modes of their preparation. When you have time go and help in the cooking of poorer families, and show them how to make as much of everything as possible, and how to make little nice; coaxing and tempting them into tidy and pretty ways, and pleading for well-folded tablecloths, however coarse, and for a ?ower or two out of the garden to strew on them. All these educational agencies - Public Schools, High Schools. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
