*Great electronic book and useful one. It can be written in straightforward terms rather than difficult to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

Excerpt from A Brief Historical Sketch and Hand Book of the Colorado School for the Deaf and the Blind: From Its Inception to March 1st, 1893 Mr. Samuel Gale. Under Mr. Gale s efficient tuition several of the boys have developed into first - class mechanics, and some of the choicest specimens of cabinet and joiner work in the school are the product of their skill, notably the beautiful wood-work in the new school building. Baking was added to the industrial curriculum in the fall of 1891. At first intended solely for the girls, it was at the beginning of the present session assigned to the boys, a class of six under the super vision of Miss Sarah Armstrong making all the bread, cakes and pastry consumed by our household.
