Createspace, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.It seems to me that the older I get, the more the world becomes grey.or cloudy.or opaque.none the less.it s not black and white.if it ever was. Absolutes of any sort seem to fade away. What may be certain on a Tuesday is completely invalid by the following weekend. I believe that having an open mind can be related to not seeing everything, or anything, as black and white. Society, parents, schools, employers, and many more have been telling me that the world and universe I live in are indeed black and white. I respectively disagree. Here are some musings for your enjoyment.
