Createspace Independent Publishing Platform, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. VERY NICELY DONE. A MASTERFUL STORYTELLER! Linda Naiman founder Creativity At Work. Of the hundreds of books on creativity you ll find nothing like this. Instead of the standard how to book, it s written as a story. It s short, easy to understand and entertaining; while at the same time being deeply insightful about what it means to be creative. It won t make you creative overnight, but it will help you understand what it takes to be creative. It shows you that creativity is a process not a gift. It explains what happens in your brain when those eureka moments happen and why your most likely to have them while you re taking a shower. In the time it takes to watch a movie, it will unlock the secrets of the creativity and teach you, HOW TO BE CREATIVE.
